Renovation of Laundries

Dear laundry users,

The laundries will be closed due to renovation during the period 9/11 - 12/11 according to the schedule below. The old Unimat washing machines will be replaced with new Miele machines, and there will be installed an electronic booking and payment system with settlement through the property administrator (Qvortrup Adm). The new reservation and payment system requires a special payment card. Information about how the payment card can be obtained will follow when the procedural details are in place.

Booking of times after the renovation

Unfortunately it is not technically possible to transfer bookings in current booking "system" to the new booking system and it will not be possible to make bookings in the new system before it has been installed.

The laundry rules of use will remain unchanged after the renovation.
